### SECTION A: INTRODUCTION

---

The measures to ensure the cybersafety of Kaikorai Valley College outlined in this document are based on our core values.

The school's computer network, Internet access facilities, computers and other school ICT equipment/devices bring great benefits to the teaching and learning programmes at Kaikorai Valley College, and to the effective operation of the school.

Our school has rigorous cybersafety practices in place, which include cybersafety use agreements for all school staff and students.

The overall goal of the school in this matter is to create and maintain a cybersafety culture which is in keeping with the values of the school, and legislative and professional obligations. This Cybersafety Use Agreement includes information

about your obligations, responsibilities, and the nature of possible consequences associated with cybersafety breaches which undermine the safety of the school environment.

All students will be issued with a use agreement and once signed consent has been returned to school, students will be able to use the school ICT equipment/devices.

The school's computer network, Internet access facilities, computers and other school ICT equipment/devices are for educational purposes appropriate to the school environment. This applies whether the ICT equipment is owned or leased either partially or wholly by the school, and used on or off the school site.

## **CELLPHONE CONTRACT AND DIGITAL MUSIC PLAYER PROCEDURES**

Dear Parent / Caregiver / Students

While our preference continues to be that students do not bring cell phones or digital music players to school, we do recognise that the use of cell phones and digital music players is now a part of everyday life for most teenagers. However, we have become increasingly concerned about the number of students who are not prepared to use them in a responsible manner at school and the consequent disruption which this causes both inside and outside the classroom.

We are particularly worried about the increasing number of inappropriate text messages being sent and the misuse of cell phone photo functions whereby images are being transferred to the Internet without the subject's permission.

We would urge parents and caregivers to monitor cell phone use more closely and to discuss with their students what the appropriate use of a cell phone is in a school setting.

We also remind you that students should not contact home and/or other persons without the school's knowledge and thereby compromise normal school communication procedures. In the event of an emergency, students have ready access to the phone in the school office and messages from home can be relayed to the students in a timely and efficient manner without the use of a cell phone.

Please read through the updated list of procedures for cell phone and digital music players' use at Kaikorai Valley College for 2012. We greatly appreciate your support and look forward to working with you to ensure that students meet the school's requirements for sensible cell phone use.

Kind regards

Senior Management Team of Kaikorai Valley College

## **CELL PHONE AND DIGITAL MUSIC PLAYER PROCEDURES FOR KAIKORAI VALLEY COLLEGE 2012**

1. A student may bring a cell phone and/or digital music player to school **only if this contract is completed and signed by the student and a parent/caregiver**. This contract will be lodged in the main office and information kept on the school's confidential database.
2. The cell phone and/or digital music player **must be switched off and not used or seen during lesson time, form time, assembly time or between classes during the school day**. This includes digital music player earphones which must be kept out of sight during the aforementioned times. If parents/caregivers need to contact a student at any of these times, a message can be left with the office staff who will pass it on to the student concerned.
3. On the first occasion where a student fails to comply with the above, the cell phone and/or digital music player will be confiscated for a period of **7 days** and kept securely in the DP's office. On the second occasion, the cell phone and/or digital music player will be confiscated for a period of 7 days and must be collected by a parent/caregiver at the end of the **7 days**.
4. Students who refuse to surrender their cell phone and/or digital music player to a staff member will be withdrawn from classes until a meeting is held with parents at school. The school reserves the right to ban non-compliant students from bringing these devices to school for the duration of the year.
5. If a cell phone and/or digital music player is confiscated on more than two occasions during the school year then the student forfeits the right to bring it to school for the rest of the year.
6. A cell phone and/or digital music player may only be used before school, at interval, at lunchtime and after school.
7. A cell phone and/or digital music player must not be lent to any other student during the school day.
8. Any misuse of the privilege of using a cell phone at school, such as to harass, intimidate, threaten or abuse other persons, or to photograph and/or video other persons without their permission, will result in parents being contacted and possible referral to the Board of Trustees for major disciplinary action. This includes using a cell phone to photograph staff members during class time and while they are on duty around the school. The school reserves the right to ban a student from bringing a cell phone to school in the event of such misuse. The school also reserves the right to contact the police if a message threatens harm to the victim.
9. If a student changes her/his cell phone during the year the school must be informed of the change of number.
10. While the school undertakes to provide reasonable security for valuables in particular situations, it accepts **NO LIABILITY** for cellphones or digital devices which go missing during the school day from a student's possession. **Students are urged NOT to bring cell phones and/or digital music players to school on days they have Physical Education, where security can be an issue.**
