

## Congratulations to Levi Buckingham

Our congratulations go to **Levi Buckingham** who was chosen as one of the South Island Regional finalists in an IHC Awards Art Competition recently. This was held at the Community Gallery and there were approximately 160 pieces of art entered. Contestants' ages ranged from Year 9 to adults.

This art work is put up for sale and the money goes to the artist if sold. The IHC Art Awards were established in 2004 to encourage and recognise creativity from New Zealanders with an intellectual disability. Three judges from across the creative industries choose the top 10 artworks from the three regional exhibitions in Hamilton, Wellington and Dunedin.
