

TrustPower Dunedin Community Awards

On Tuesday evening Mr Rick Geerlofs attended the TrustPower Dunedin Community Awards, along with Mr Stewart and Injy Johnstone, who the school had nominated for the Youth Section. We were thrilled to witness Injy winning the Youth Award and have this presented in front of a large audience gathered at the new Otago Settlers Museum. This is indeed a great honour for Injy and recognises the great work that she does on a voluntary basis in many areas including environmental and sustainability issues. Injy was awarded \$500, half of which is to be donated to a charity. She chose to award this to EnviroSchools.
