

Outdoor Pursuits

LEVEL 2 & THREE

Credits: 12 - 24

Leads onto: Tertiary studies

You will have the opportunity to improve personal skills such as: communication, leadership, responsibility, risk management, self-confidence, setting goals, teamwork and environmental awareness. You also learn physical skills in areas of: First Aid, kayaking, mountain biking, skiing, snowboarding, bushcraft, abseiling, rock climbing and mountaineering. You will not miss a lot of school time as there is an afternoon dedicated to Outdoor Education and expeditions are mostly at weekends. There is one week away from school at the end of first term.

The above information is only an indication of content. Further details will be included in next year's handbook.

Costs

\$140. You will have to buy food for expeditions on top of this charge. Optional cost for the Ski/Mountaineering trip during winter.
