

Skills for Living

LEVELS TWO & THREE

Students from Level 2 or 3 can study this course but the majority of credits will be awarded at Level 2.

Subject to confirmation, students may be able to study Senior Textiles within this option line.

Credits: The credit total will depend on the units selected in consultation between the teacher and students.

Leads onto: This programme prepares students to make transitions into the world beyond school by exploring the skills necessary to be independent. It also develops practical skills in an area of interest.

Course description for all levels

The Skills for Living programme is designed to give students a taste of several subject areas with an emphasis on personal development, health, **TECHNOLOGY FABRICS**, careers and the skills necessary to make the transition to the world of work.

Course of Study

The final choice of units selected will be those selected in consultation between the teacher and students. They will be from the following fields:

- Core skills
- Work skills
- Health
- Technology - textiles
- Self-management
- Home and life sciences
